ALL DESIGNS IN THIS BOOK WERE DONATED BY COLLECTIVE MEMBERS!

free art collective

We are a grassroots, non-profit collective of artists from all around the world that distributes free artwork and art supplies! Our two main projects are the **Free Print Program and **Free Art Supply First-Aid Kits**.**

Our **Free Print Program** is a great opportunity for artists to get free exposure of their work! We make prints of their artwork (with all artist info on the back) that we distribute for free all over the world. So far we have distributed over 12,000 prints globally! We work with over 160 artists, and our collective grows monthly. **We also have an international street art program, where friends in different cities hang up bags of our free art!**

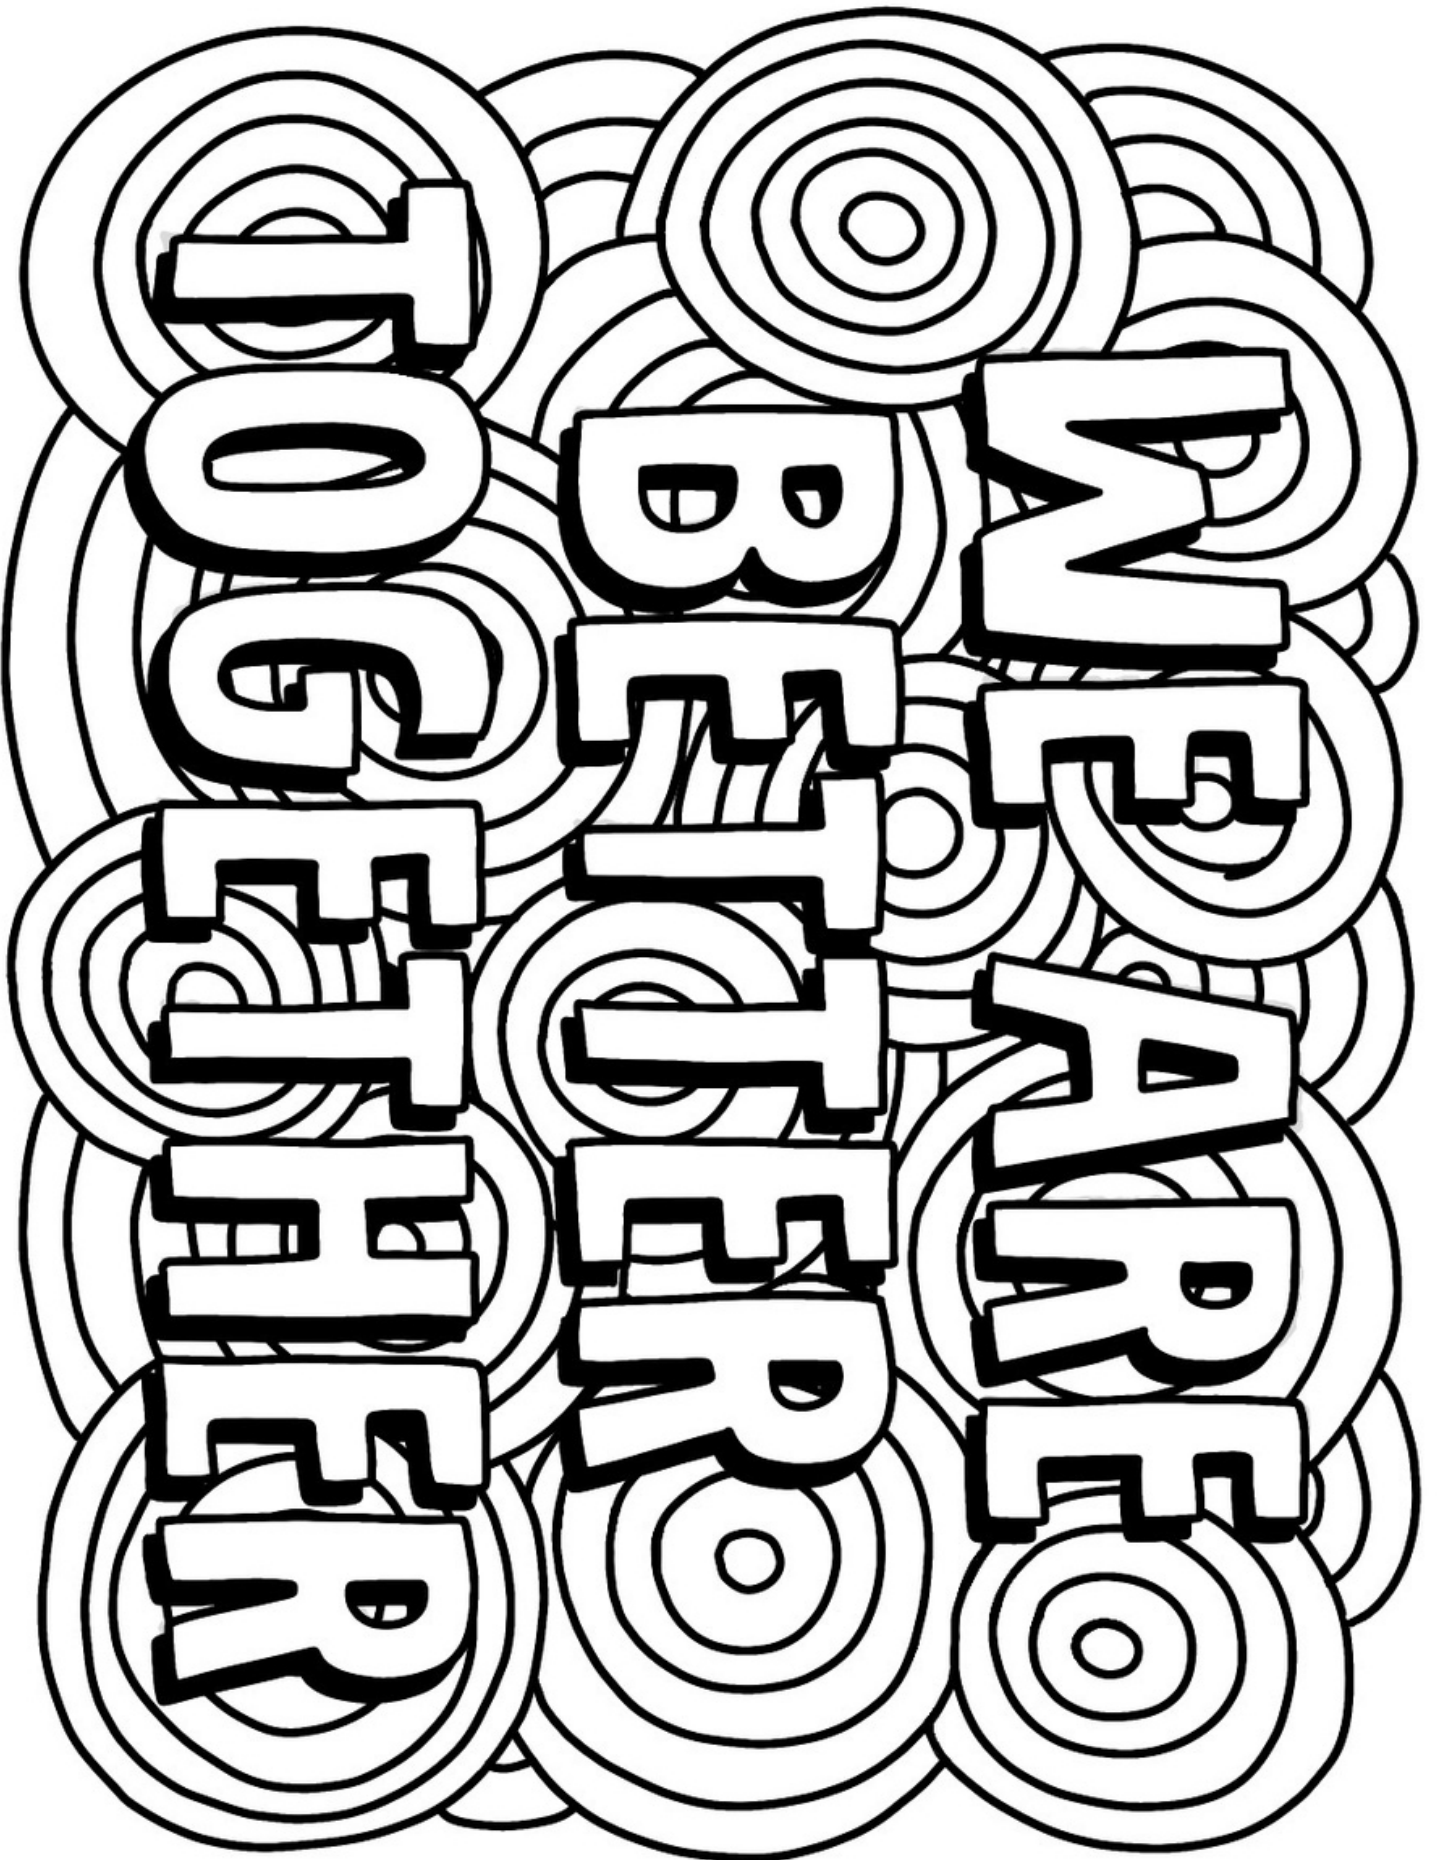

We also distribute **Art Supply First-Aid Kits**. We collect donations of art supplies, package them up with love, and give them away for free to nonprofits and anyone that could use some art therapy!
