COLOR ME!

FALL 2022

XOXO
THE FREE ART
COLLECTIVE

www.freeartcollective.org

Hi! We are the Free Art Collective and we would love to tell you who we are and what we do!

We are a grassroots, not-for-profit, arts organization (based in Rochester, NY) that distributes free artwork and art supplies around the world through our Free Print Program and our Free Art Supply First-Aid Kits.

Our “Free Print Program” is an opportunity for artists to get free exposure of their work! We cover the cost of getting prints made, which we label by-hand with all social media & contact info, and give away for free around the world! We do this to offer support & promotion and spread good vibes to all through the power of art. We showcase the work of over 100 artists, whose art we distribute for free at pop-up events, and small businesses. Currently, you can find us at the following small businesses in Rochester: Aaron’s Alley, Rank’d Airbrushing, Red Fern, Statement Boutique, and Gallery Salon. We are looking forward to expanding our efforts to many new cities in 2022!

We also distribute “Art Supply First-Aid Kits.” We collect donations of art supplies, package them up with love, and give them away for free to students, non-profits, and anyone that could use some art therapy!

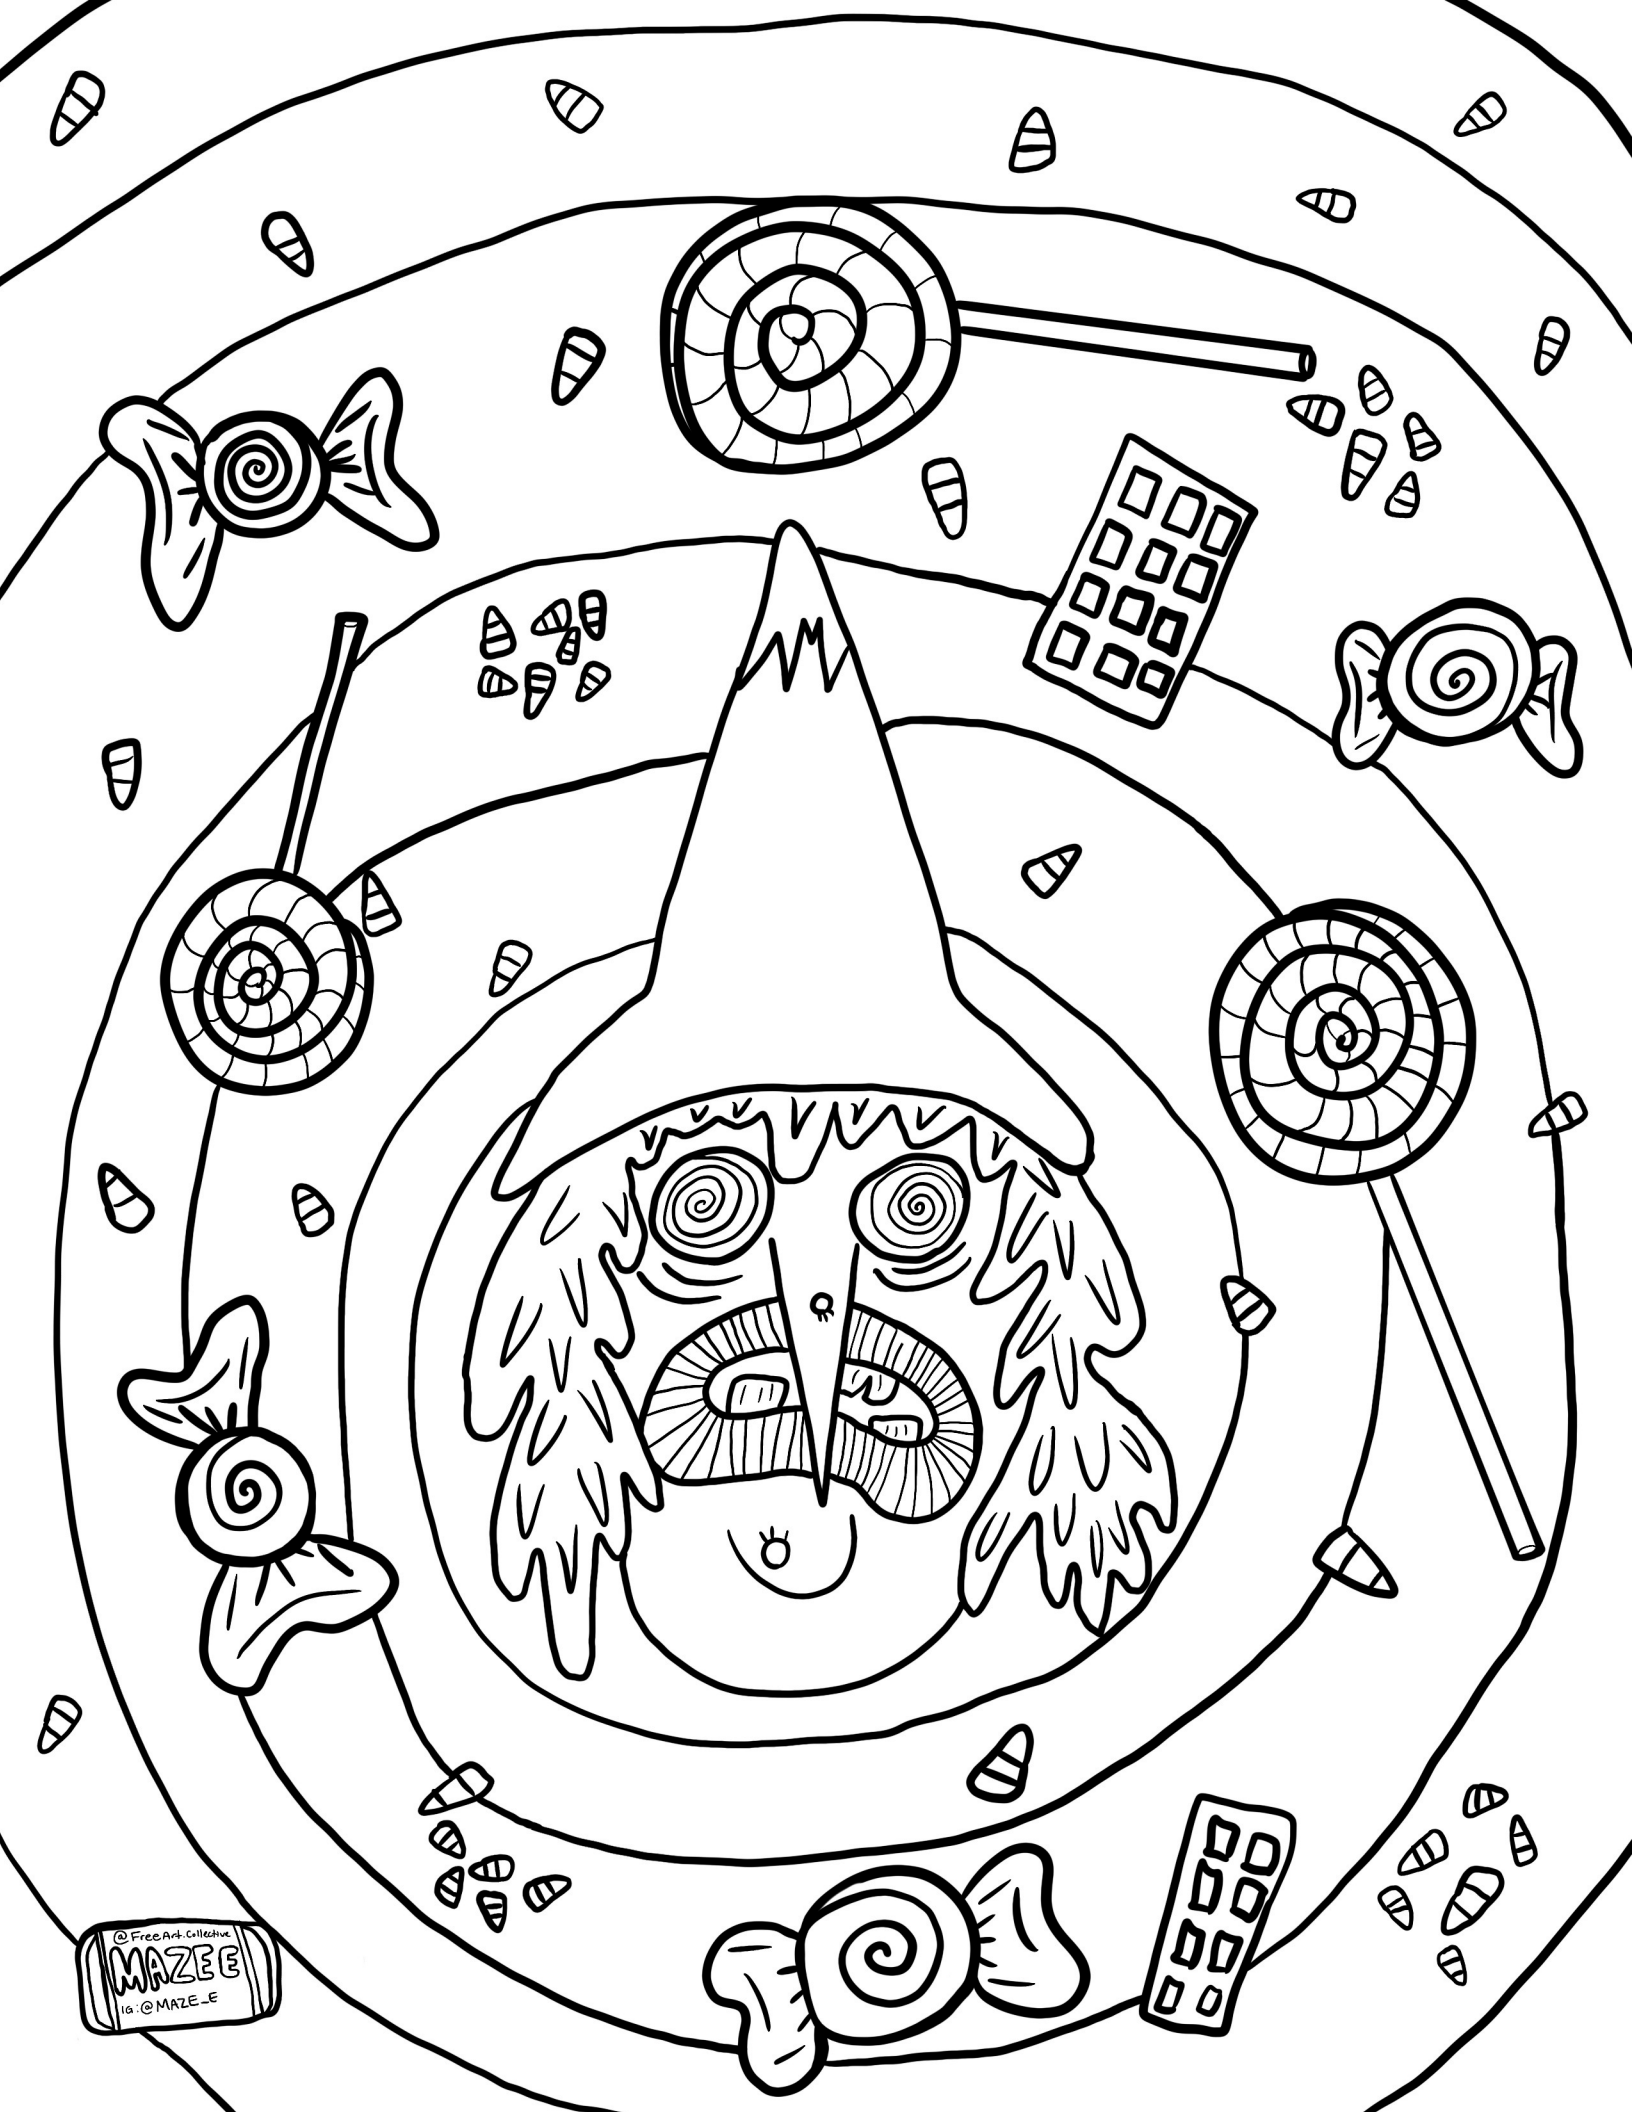

Through both of our main projects, we are dedicated to serving and strengthening our community through the healing power of art, kindness, and creativity.

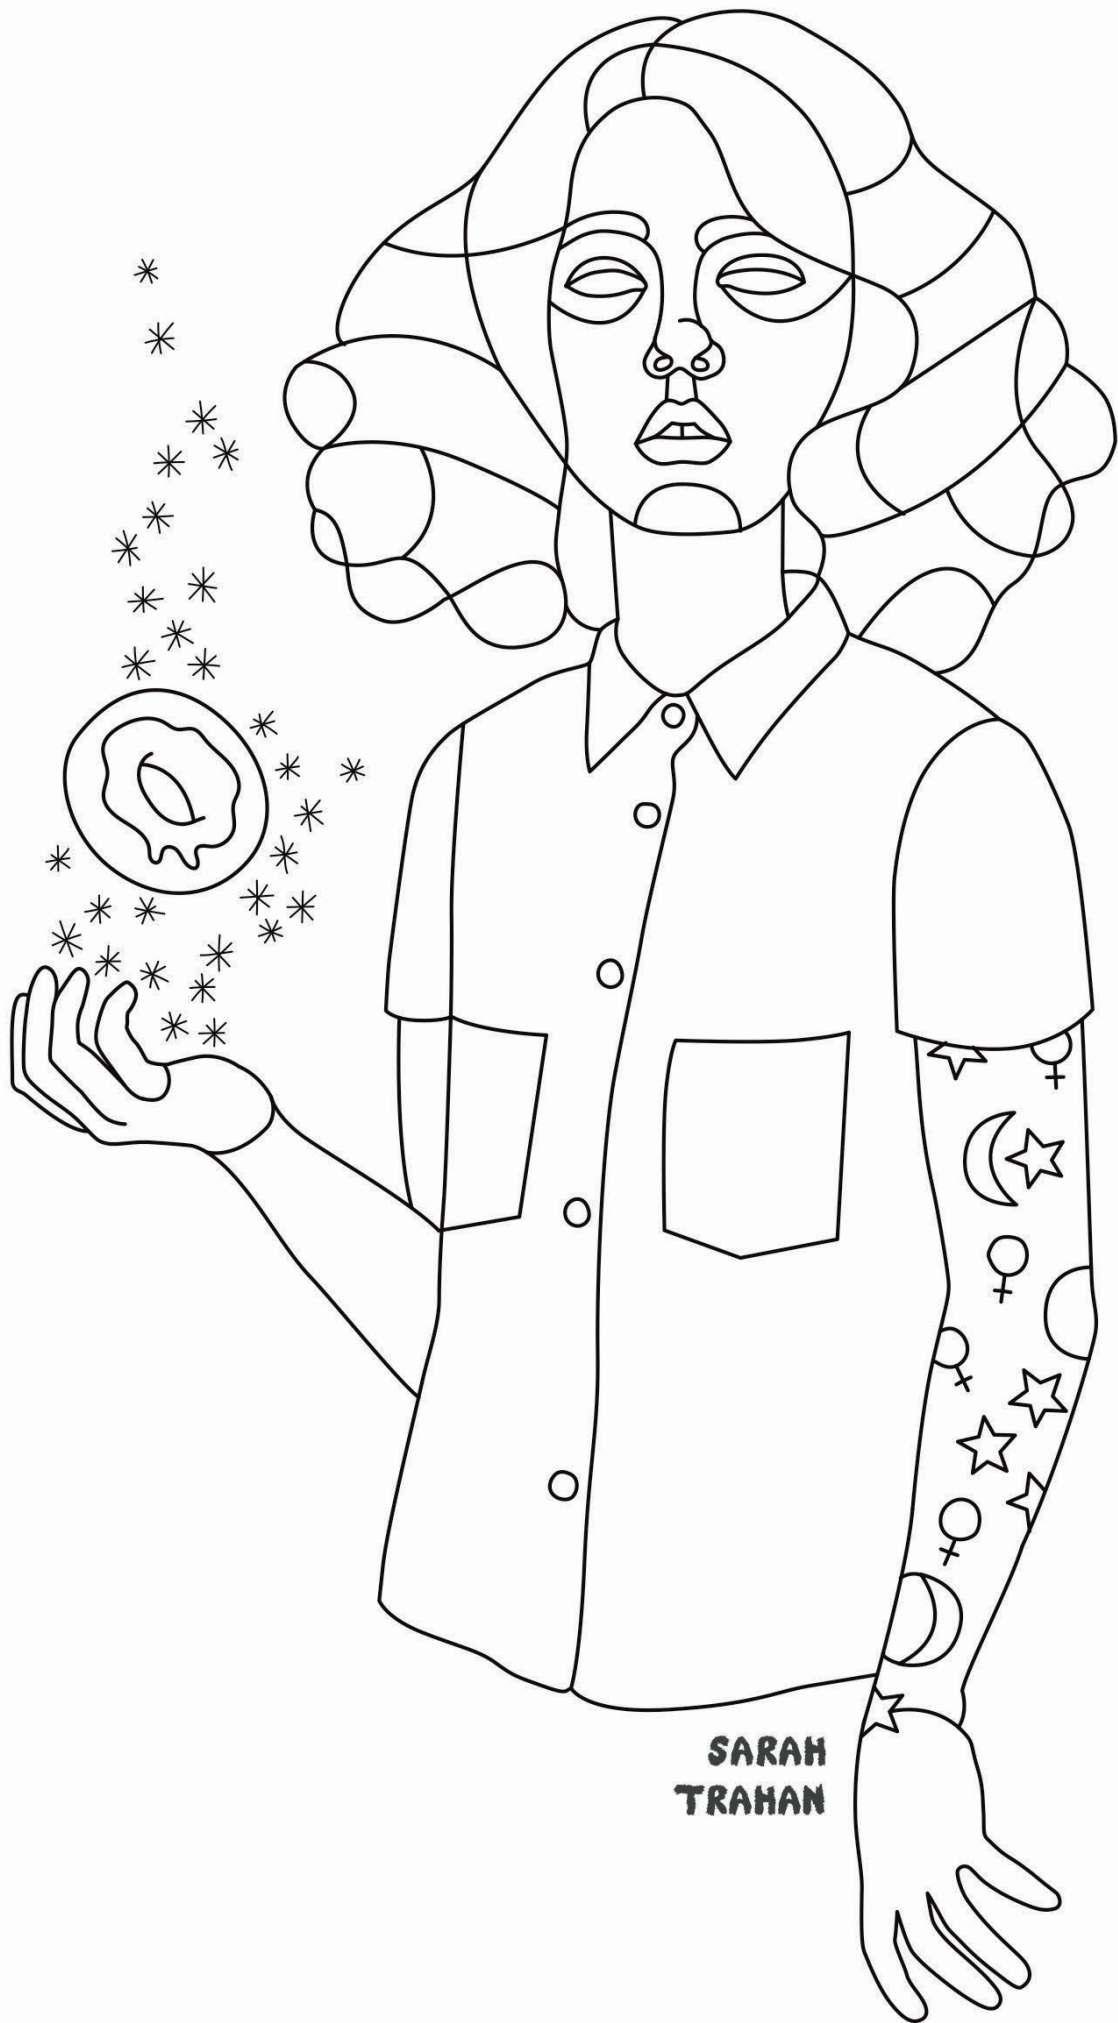

If you would like to learn more about us or donate, please check out our website!
